Polycotton

Tests to tears have shown a higher resistance of polycotton material of approximately +20% while using same force, same material weight/m², and shrinkage after 1st washing (30°C) is reduced by 15% (compared to 100% cotton material).

Anti-bacteria treatment ChitoSante/Ruco-Bac-Med

ChitoSante/Ruco-Bac-Med is an organic product, having several benefits which include: prevents static electricity & dust mites, removes odours, bacterial inhibition, quick-drying.

ChitoSante/Ruco-Bac-Med maintains its effect at 30°C up to 100 washing times (it might be diminished in case of washing over 30°C, or in case of use of detergent, bleach or other chemical product). US EPA has approved ChitoSante that Antimicrobial for Textiles inhibits growth and odor from bacteria, mold, mildew & Fungi. (US EPA Registration No. 75100-1)
